Description

Steps to reproduce:
1. Request the endpoint: https://account.booking.com/mysettings
2. Navigate to the 'Security' section
3. Click on the 'Delete account' button
4. Select the third radio button
5. Click on the 'Delete account' button again
6. Open the email received
7. Click on the button in the 'Delete account' email
8. Navigate to the website homepage

Expected results:
1. The user is redirected to the Booking.com website, which displays a confirmation message for the account deletion as following: ***Your account has been removed***
2. The user is logged out

Actual results:
User account tab and menu persist despite completing the account deletion process
